- [German Signals](#)

How to Install Signalpacks:

To be able to install and use a Signalpack, you need to install the ZnD basemod first.

Hint: Signalpacks are only compatible with ZnD v0.10.X (you need to download the newest Snapshot!).

1. Download the Signalpacks .jar file from its [Wiki-Page](#)
2. Open your Minecraft mods folder
3. Copy the Signalpacks .jar file into your mods folder
