

List of Items

This page contains a list of all items added by Zora no Densha.
It is always updated parallel to development, thus there may be features listed that are not available yet.

C

Circuit	
Shaped Crafting 	Used as crafting ingredient.
Coal Coke	
Shapeless Crafting 	Coal Coke is retrieved from the Coke Oven by smelting Coal. It can be used as fuel and crafted into a Block of Coal Coke.
Crowbar	

Shaped Crafting	
	Used to remove items from Signs, Crossing Posts, and to safely disassemble a track.

D

Driver's Key	
	Used to access various structures, such as Level Crossing Boxes. Also used to unlock trains.

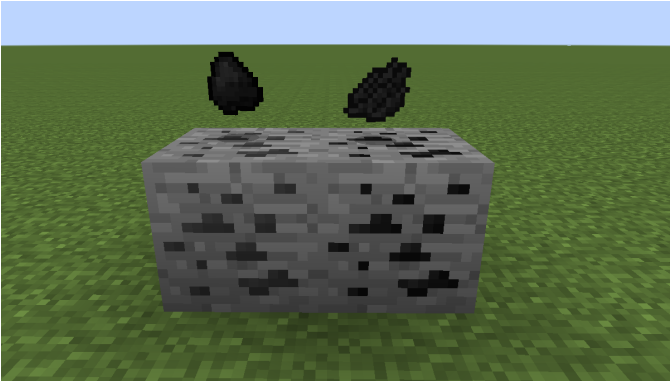

F

Clamps	
	Used for track assembly.

M

Machine Kit	
Shapeless Crafting A 3x3 crafting grid with a grey stone block in the top-left, a green circuit board in the top-middle, a black bar in the middle-left, a white bar in the middle-middle, and two dark grey blocks in the bottom-left and bottom-middle. An arrow points to the right, leading to a grey machine block with a yellow bar in the center.	Used during construction of multi-block structures, such as the Refinery or Retorter.

Monitor	
Shaped Crafting A 3x3 crafting grid with yellow diamonds in the middle-left, middle-middle, and middle-right; red diamonds in the center; green circuit boards in the bottom-left and bottom-right; and a dark grey block in the bottom-middle. An arrow points to the right, leading to a grey monitor block with a black bar in the center.	Used as crafting ingredient.

Oil Shale	
A 3D view of a grey and black speckled Oil Shale block on a green grassy field. Two dark grey, irregular shapes representing Oil Shale Deposits are shown floating above the block.	Processed in the Retorter to obtain Crude Shale Oil. Retrieved by mining Oil Shale Deposit blocks.

P	

Plastic Dust	
Smelting 	Used as crafting ingredient. Smelted from Tar Blocks in the furnace.

Plastic Casing	
Shaped Crafting 	Used as crafting ingredient.

Plastic Sheet	
Shaped Crafting 	Used as crafting ingredient.

R

Rails	
-------	--

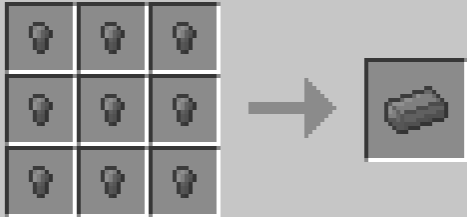

Shaped Crafting →	Used to for track assembly. Can also be placed in the world.
--	---

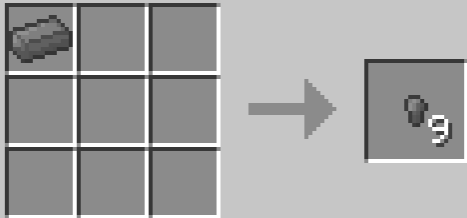

Reflective Jacket Shaped Crafting →	A wearable jacket with a fancy look. Inspired by the Dutch NS conductor's jackets.
--	--

Reflective Vest Shaped Crafting →	A wearable vest with a bright look.
--	--

S

Steel Ingot	
-------------------------------------	--

Shapeless Crafting	Used as crafting ingredient. Smelted from Iron Ingot in a Blast Furnace, or crafted from 9 Steel Nugget.
	

Steel Nugget	
Shapeless Crafting	Used as crafting ingredient. Crafted from a Steel Ingot.
	

Steel Plate	
Shaped Crafting	Used as crafting ingredient.
	

Stilts	
Shaped Crafting	Used instead of track beds to assemble a Maintenance Track.
	

T

Track Bed	
Shaped Crafting  A 3x3 crafting grid with 4 wooden planks (top-left, top-right, middle-left, middle-right) and 1 bottle of water (center). An arrow points to the result: a Track Bed block with a '16' icon.	Used to for track assembly. Can also be placed in the world.

Track Bed (Concrete)	
Shaped Crafting  A 3x3 crafting grid with 8 concrete blocks (all corners and the middle of each side). An arrow points to the result: a Track Bed (Concrete) block with a '16' icon.	Used to for track assembly. Can also be placed in the world.

Track Plate	
Shaped Crafting  A 3x3 crafting grid with 3 diamonds (top row) and 3 iron ingots (middle row). An arrow points to the result: a Track Plate block with an '8' icon.	Can be used when assembling straight tracks. When applied, a track will render plates on top of itself.

Railway Worker's Tool	
-----------------------	--

Shaped Crafting A 3x3 crafting grid with the following items: top row (Wireless Sensor, Green Circuit, empty), middle row (Green Circuit, Black Wire, Redstone), bottom row (empty, Paper, Redstone). An arrow points to the result: a Wireless Sensor with a Green Circuit attached.	Used configure infrastructure and to copy tracks in Creative Mode.
---	--

W

Wireless Sensor	
Shaped Crafting A 3x3 crafting grid with the following items: middle row (Green Circuit, Redstone, Redstone), bottom row (Paper, Paper, Paper). An arrow points to the result: a Wireless Sensor.	Used as crafting ingredient.
